

# Laura Navarro Soler

Data | Visual | Graphics Journalist

Every story can be told in a plenty of ways, and I love to tell it **with data** through graphics, infographics, illustrations, and any visual sources which help to reach understanding and bring clarity.

I enjoy reading and walking a lot, but most of the times you'll find me with my computer and a coffee.

Munich (Germany) | 16/02/1993 | +34 633 337 250
